MEMORANDUM FOR: Deputy Director (Intelligence)

SUBJECT : NPIC Emergency Planning

1. Attached are copies of self-explanatory memoranda bearing on NPIC emergency planning which were submitted to Mr. Amory in September of 1961. Mr. Amory did not see fit to act upon the matter at that time.

2. It is considered appropriate and timely to bring this matter to your attention for NPIC emergency planning, as it relates primarily [redacted]

[redacted] is completely unrealistic and in no way recognizes the basic provisions of NSCID #8 or current operations of NPIC. In my opinion our emergency planning must be a joint CIA/DOD venture per NSCID #8, and I believe such planning should be undertaken immediately with appropriate DOD authorities.

3. Your prompt consideration of this matter is urgently requested.
